

## STAUNTON CLUB AGAIN DEFEATED

Pitcher Hulcher Proved to Be a Mystery for the Visitors.

### CARPENTER PLAYED SECOND

Great Foot-Ball Player Here Porter, the Blonde, Will Pitch To-day.

Little Lawrence Hulcher, Richmond's southpaw twirler, held the heavy Staunton hitters down to five safe swats yesterday afternoon at Broad Street Park, and won his game with ease. His support at all times was snappy, McEvoy, at third, playing a remarkably pretty game. Stanley, who went in to do the curving for the visitors, was biffed for ten times in six innings, and he retired in favor of Fizer, who has done better before, and who is about as good a bender as has been on this diamond. But the game was lost when Fizer went to the helm. Had it not been there, would have been a different story. To-day the Staunton boys will have a better batter connected safely in the three innings this southpaw did pitch. The score was 7 to 2, with the Brownies swinging on to the big end.

It was the first game that Hulcher has pitched within a month. He injured his arm some weeks ago, and since that time has been letting the whip take a vacation. But it slipped up in good style after three or four had been twisted around the bat, and there was nothing doing in the hit line to amount to anything. His curves were wide and the ball was breaking just where he wished it.

**Carpenter On the Diamond.**  
Hunter Carpenter, North Carolina's great foot-ball player, was at second base for the Staunton boys. Mr. Carpenter claimed to be in the city and couldn't sit on the bench and see a game played without getting in it. When the time came for the money to be divided he declined to take any compensation for his work. There were few in the grand stand who really knew the foot-ball man. Carpenter is, perhaps, the best gridiron player in the South; certainly his play for the past several years has entitled him to this honor. His playing at second base was good, although there is one error charged against him. He landed fiercely on the ball every time at bat, but save once there was a flier in the right position to take care of the swat.

**Staunton Scored First.**  
Staunton scored the first run yesterday, sending a man over the plate in the second inning. Ford started things with a clean swing, but did it first from a quick-arm throw by Hulcher. Lambert nailed a good one and Stanley got transportation. Hughes sent one to the left garden and Lambert, who moved up, came over the plate. Rollins lifted a long one to the center garden and two men would have come over but for the pretty catch of Jack Anthony. Again, in the fourth, the visitors got a man over the plate. Carpenter led with a clean one. Harris did it third and Porter put a "corcher" to third. It was banded to Echo and there was a fumble. Both men were safe and on Hicks's line drive to right Carpenter came over the plate by fast springing.

An error, a base on balls, a single and a two-bagger gave to the Brownies three runs in the third, and two errors, a base on balls and three hits piled up four more runs in the sixth inning. After this Stanley retired in favor of Fizer, who held things down all right.

To-day Porter, the blonde, will do the pitching. When Staunton was here before Porter won his game, and it was the only game that was taken from the Champions. Porter, who was taken from the head with him at all times. When he goes into the box to-day the Brownies will be up against a proposition that will be hard to down.

**HAS NOT DISBANED.**

**The Ball Games to Continue As Formerly, Say Managers.**

The report that the Twin City Baseball League had disbanded and that hereafter the games at the Park on Saturdays would be only between a picked team to represent Barton Heights and another team to be known as the "Winners," is incorrect, say the managers, and next Saturday there will be the regular two games between the four clubs.

It was the plan, so the report says, to drop Manchester and Richmond out of the league, leaving only the two local clubs to battle until the finish of the season. But Manchester registered a kick, and likewise did Richmond protest. With Manchester out of the league, one of the best drawing cards would be gone, and this was soon realized. There are four clubs in the league, and it is the plan to let them play to the end of the season, but the games will go on as usual.

**OYSTER SEASON.**

**Unprecedented Rush to the Holes of the Potomac River.**

(Special to The Times-Dispatch.)  
COMPTON, VA., Sept. 5.—The rush to the oyster waters of the Potomac and its tributaries for some days past has been almost unprecedented. The harbors of Machodoc creek, this county, have been filling up with oystermen and oyster craft from far distant points since the opening of the last week in August, and now the waters are dotted with boats. Three cases of typhoid fever are reported in one family at Pluck, this county, and several cases have developed at other points in the county.

Old-time "ague and fever" are prevailing at many places in the high forest sections of this and neighboring counties, while sections along the rivers and creeks, where it is usually prevalent at this season of the year, are far from free from these malarial troubles.

Monroe, R. H. Sorrell and C. W. Rogers, Jr., of Washington, came down to this place yesterday to spend Labor Day here. The season at Colonial Beach practically closed last night.

**LOST HIS THUMB.**

**A Young Inventor Handicapped By An Accident.**

(Special to The Times-Dispatch.)  
IRON GATE, September 5.—Franker Surber, son of Mr. J. W. Surber, lost his thumb on the left hand while experimenting with machinery of his own make. He was sawing plank with a circular saw, run by steam, when the broken piece away when the saw caught his thumb and took it off in an instant.

Miss Mrs. Barger, from Lexington, is visiting Mrs. J. F. Paxton.

Mr. McQuary is getting up a writing class here, which will be taught in the public school building, as the school does not open until October.

**Find She is Somebody Else.**

NEW YORK, Sept. 5.—A woman who has been known as Frances Blind since her infancy, thirty-three years ago, has been found after months of search by the British consul in New York as the keeper of a boarding house at No. 74 Mulberry Street, Newark, and informed that her real identity has been hidden from her all her life.

Instead of being the child of mediocre people, who reared her from infancy, she is the only daughter of a wealthy lumber merchant of London. Her own mother is dead, as is her foster-mother. Her foster-father has disappeared. Her real father is a wealthy Londoner named Boutwell, and the woman herself, in her middle age, discovers she is really May Boutwell, of London.

**Insane Murderer Abroad.**

PITTSBURG, Pa., Sept. 5.—Thomas O. Russell, an insane murderer, who escaped from the Woodville Asylum last Thursday night for the avowed purpose of murdering two women who testified against him, and for whom scores of detectives, constables and farmers with bloodhounds are searching three counties, is thought to have added another murder to his record.

Professor David White, a well known and aged educator and farmer, was found beside a haystack on his farm, near Imperial, Pa., with his head crushed. He died early yesterday morning without regaining consciousness.

Russell declared before his escape from the asylum that he would kill Jennie and Alberta Walker, of Walker's Mills, on whose testimony he was convicted of the murder of John Wasmuth.

This petition will be granted, and eventually all the telephone wires in the city will be put underground.

Congressman John Lamb, of the Richmond district, was the guest of honor at a lawn party given last night at Woodlawn Church, at Swift Creek, in Chesterfield county. In court this morning the Mayor imposed a fine of \$50 and costs on William Cooley, white, charged with keeping a gambling house, and \$5 fine on a young man who was charged with gambling therein on Sunday. The alleged gambling house was raided by the police early Sunday morning.

The cars of the Virginia Passenger and Power Company yesterday carried 13,823 passengers.

The company in any one day in its history, with the exception of the Fourth of July last. The rush of the crowd to the grand display of fireworks, given in honor of Labor Day, was so great that every street car and trailer in the city, as well as the Hallfax Street line, had to be brought into requisition to accommodate the throngs of people who came to see the fireworks.

This notwithstanding the stormy condition of the weather.

The Sydnor Pump and Well Company, of Richmond, has just completed an eight-inch well, about 300 feet in depth, with a capacity of 30 gallons of water per minute, at the Central State Hospital, and has been engaged in installing a pump, and has been engaged in installing a pump, and has been engaged in installing a pump.

Thus an abundant supply of the purest water will be guaranteed for the hospital and its 1,200 inmates.

**MAY BE MURDER.**

Death of George W. Arnold and His Wife Being Investigated.

(Special to The Times-Dispatch.)

LYNCHBURG, VA., September 5.—The double funeral of George W. Arnold and wife, who were found dead in their home in Campbell county, not far from the city yesterday morning, took place this afternoon.

It is said to-night that the insurance company in which both of the deceased were insured, has been conducting a quiet investigation, and that the trunk in the house had been broken open and a small amount of change had been generated over the floor of the bedroom.

Arnold's brother claims the dead man had a considerable amount of gold money in the house, and this has not been found. If this be true, and the trunk was disturbed, it will greatly strengthen the murder theory, which is held to by a large number of friends of the dead couple. A rigid examination will be made.
